Dear Shirlee:

I wanted to take this opportunity to let you know how pleased I was with the services and talent you provided to facilitate my Mother's move.

Needless to say, Mom was extremely reluctant, scared and definitely skeptical that moving from a 4 bedroom, 3 story house in San Francisco to a 2 bedroom condo in San Mateo would be a decision that she would be happy with. The assistance you gave her at her former home as well as the design, layout and liquidation of furnishings to appropriately decorate her new condo were above and beyond her expectations. Your patience, knowledge and artistic talents turned what could have been an unpleasant experience to a very happy one for my Mom.

Thank you for all you did. The next time I need design services, you'll be the only one I'd call.

My Best Regards,

  
Terry Ratto
